

Session Program

14–16 Jan 2026

20th SOLEIL USERS' MEETING - SUM2026

PLENARY TALK

Synchrotron SOLEIL
Main building Principal/0-0 - Salle Amphitheatre

Thursday 15 January

10:50

11:35

PLENARY TALK: SOFT MATTER - Structure, properties and reactivity of oxide nanoparticles in solution : synchrotron studies

Session | **Location:** Synchrotron SOLEIL, Main building Principal/0-0 - Salle Amphitheatre | **Convener:** Matthieu Viot

Friday 16 January

09:00

09:45

PLENARY TALK: GEOSCIENCES - Structure Surface reactivity of tubular Al/Si nanoparticles: interactions with nucleic acids and implications for prebiotic scenarios

Session | **Location:** Synchrotron SOLEIL, Main building Principal/0-0 - Salle Amphitheatre | **Convener:** jerome rose
